

Intern (f/m/d) Design Studio

Berlin

For our design studio in Berlin we are looking for a motivated intern (f/m/d) to support our team over the course of minimum 6 months. The intern receives a monthly compensation.

Requirements

We are looking for candidates with advanced skills in computational design. The ideal candidate should be enthusiastic, resourceful, creative and able to transform conceptual thinking into a strong and consistent architectural vocabulary.

Applicants should be fluent in English while German language skills are an advantage. Strong proficiency in 3D and graphic software (Maya/Rhino, Adobe Suite) is required. Scripting experience is preferred.
